

MUHAMMED IRFAN

Mernstack + Shopify Developer

 rxmeirfan7@gmail.com  9562390365  /irffann/  Malappuram,kerala  Portfolio

PROFILE

MERN Stack Developer with strong expertise in Frontend Development using React.js and modern JavaScript technologies to build responsive and performance-driven web applications.

Skilled in full-stack development with MongoDB, Express.js, React.js, and Node.js, including REST API integration and backend development.

Experienced Shopify Developer with hands-on knowledge in Shopify theme customization using Liquid, HTML, CSS, JavaScript, and responsive web design.

Passionate about building fast, user-friendly applications while continuously improving frontend, MERN stack, and Shopify development skills.

PROFESSIONAL EXPERIENCE

MERN STACK DEVELOPER, Sysbrees Technology

April/2026 – Present
Calicut - Kerala

- Developed backend functionalities using Node.js, Express.js, and MongoDB for MERN stack applications.
- Built and integrated REST APIs, authentication systems, routing, and server-side logic.
- Worked on database operations, middleware integration, debugging, testing, and backend performance optimization.
- Assisted in integrating backend services with React.js frontend applications and full-stack workflows.
- Used Git and GitHub for version control while developing scalable backend solutions through real-world projects.

SHOPIFY FRONT-END DEVELOPER, Seamedia Ecommerce Solutions

October/2025 – 04/2026
MALAPPURAM, KERALA

- Developed and customized Shopify themes using Liquid, HTML, CSS, and JavaScript.
- Built responsive Shopify sections and components for product pages, collections, and homepage layouts.
- Worked on UI improvements, mobile responsiveness, and custom Shopify feature implementation.
- Assisted in storefront performance optimization, frontend issue fixing, and project collaboration using Git.

REACT FRONT-END DEVELOPER, Techolas technologies Calicut

May/2025 – Oct/2025
CALICUT, KERALA

- Trained in MERN stack development with primary focus on frontend technologies and React.js.
- Built responsive and user-friendly interfaces using React.js, JavaScript, HTML, and CSS.
- Hands-on experience with Tailwind CSS, Bootstrap, and Material UI for responsive UI development.
- Familiar with Node.js, Express.js, REST APIs, database operations, and full-stack application workflows.
- Comfortable using Git and GitHub while continuously improving development skills through real-world projects.
